Company Overview

Established Expertise

Founded in 1994, AFI Consult has built a strong foundation in civil engineering and project management.

Trusted Client Base

The company supports municipalities, government departments, developers, and institutional clients.

Community-Focused Impact

Our work focuses on infrastructure that improves quality of life and strengthens service delivery.

Technical & Practical Knowledge

We combine technical expertise with practical implementation knowledge across multiple project types.

Long-Term Value

Every solution is approached with cost, quality, sustainability, and long-term use in mind.

WHAT WE DO

www.aficonsult.co.za

AFI Consult provides professional services across key infrastructure and development sectors.

Core services include

+ Civil engineering design

+ Reservoirs, pipelines, pump stations, & treatment works

+ Project management

+ Water & wastewater systems

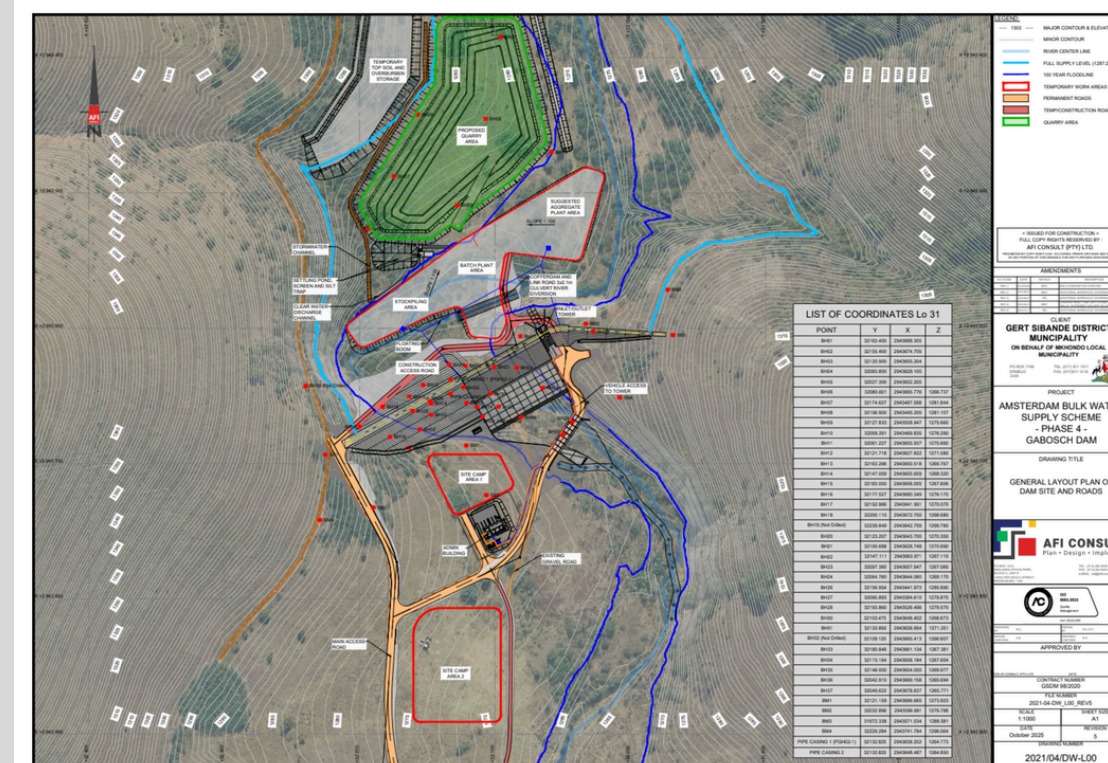

+ Roads and stormwater infrastructure

+ Building & development support

+ Municipal infrastructure

+ Specialist support including surveying, environmental studies, 3D modelling, & rendering.

AFI Consult supports projects from early planning and design through to construction monitoring, quality control, & final handover.

Gabosch Dam

Experience, Projects & Credentials

Proven Experience

With more than three decades of experience, AFI Consult brings strong technical knowledge, practical site understanding, and reliable project delivery support.

Project Expertise

The company has worked across a range of infrastructure projects, including reservoirs, water treatment works, stormwater systems, road upgrades, municipal services, and institutional developments.

Trusted Credentials

AFI Consult is supported by professional systems and trusted credentials, including ISO 9001:2015 certification, B-BBEE credentials, professional indemnity cover, and public sector readiness.

AFI CORE VALUES

www.aficonsult.co.za

Innovation

Living “Innovation” as a value means consistently contributing to improvement, creativity and forward thinking solutions

Courage

Living “Courage” as a value means acting with distinction, speaking up and taking bold steps even when it is difficult

Passion

Living “Passion” as a value means bringing excellence, energy, enthusiasm and commitment to your work

Honesty

Living “Honesty” as a value means being transparent, trustworthy and acting with integrity

Selflessness

Living “Selflessness” as a value means prioritizing the team, the core purpose and the greater good over personal gain
